

## Consent Orders

*Improved Public Interest  
Improved Regulatory Effectiveness and Efficiency*

To better protect the public, APEGA must have the ability to quickly and efficiently impose appropriate sanctions on Members and Permit Holders that have admitted to unskilled practice or unprofessional conduct.

### Background

- This topic is an amendment to the [Recommended Discipline Orders](#) recommendations that were presented and endorsed by Council as part of the fall 2015 consultations.
- Input received during the fall 2015 consultations led to a further review of the proposed recommendations on Recommended Discipline Orders. As a result, we are proposing modifications to a few of the recommendations as shown below.

### Why this is Important

- At times, the nature of some complaints lend themselves to resolution without the need for a full discipline hearing.

### Proposed legislative change

It is recommended that the legislation be amended as follows:

- The term *consent order* will replace the current recommended order terminology.
  - The term consent order more accurately reflects that it is a negotiated agreement between the investigative panel and the Member or Permit Holder under investigation that has admitted to unskilled practice or unprofessional conduct.
- A consent order will be approved by a discipline panel, rather than the Registrar, as previously recommended.
  - Negotiated agreements may involve disciplinary sanctions and should be approved by the appropriate disciplinary arm that has the authority to impose sanctions.

- The criteria for approval of consent orders will be set by the Discipline Committee, in policy, to ensure consistency.

#### Examples of Relevant Existing Legislation

Below are examples of similar provisions found in other pieces of legislation in Alberta and other provinces.

(b) has no effect unless it is approved by the consensual resolution review panel, and
