

APPENDIX 2

LICENSEE

Appendix 2 – Constituent Engineering and Geoscience Regulatory Associations

	The Association of Professional Engineers and Geoscientists of Alberta	The Association of Professional Engineers and Geoscientists of British Columbia	The Association of Professional Engineers and Geoscientists of Saskatchewan
Foreign Licensee category	Yes	Yes	Yes
Criteria	<p>Act 31(1) The Board of Examiners shall approve the registration as a professional member of a person who proves to the satisfaction of the Board that</p> <ul style="list-style-type: none"> (a) the person is of good character and reputation, (b) the person is a Canadian citizen or lawfully admitted to Canada for permanent residence, and (c) the person meets the requirements of the regulations. <p>(2) If an applicant for registration as a licensee is not a Canadian citizen or lawfully admitted to Canada for permanent residence but otherwise complies, to the satisfaction of the Board of Examiners, with subsection (1), the Board shall approve the registration.</p> <p>Regulations 13(1) A person who meets the following requirements and applies to the Registrar for registration is entitled to be registered as a professional member:</p> <ul style="list-style-type: none"> (a) the applicant is a Canadian citizen or is lawfully admitted to Canada for permanent residence; <p>14(1) A person who meets all of the requirements of section 13 for registration as a professional member, except the requirement set out in section 13(1)(a), is entitled to be registered as a licensee.</p> <p>(2) Notwithstanding subsection</p>	<p>Act 13 (1) The council must admit a person to membership in the association if</p> <ul style="list-style-type: none"> (a) both of the following apply: (b) the person is a person whom the council is obliged under the Labour Mobility Act to admit to membership in the association. <ul style="list-style-type: none"> (i) the person is a Canadian citizen or a permanent resident of Canada; (ii) the person has submitted to the council the evidence referred to in subsection (1.1), or <p>(b) the person is a person whom the council is obliged under the Labour Mobility Act to admit to membership in the association.</p> <p>(1.1) An applicant under subsection (1) (a) must submit to the council evidence satisfactory to the council of the following:</p> <ul style="list-style-type: none"> (a) that the applicant has either (i) graduated in applied science, engineering or geoscience from an institute of learning approved by the council in a program approved by the council, or (ii) passed examinations established by the bylaws of the association or passed examinations, requiring special knowledge in branches of learning specified by the council, of an association or institute approved by the council; (b) that the applicant has passed special examinations required by the council; (c) that the experience in 	<p>Regulatory Bylaws 16 A temporary licence is available to a person of good character who is not a member, but who is entitled to the benefits of temporary licensure under the North American Free Trade Agreement.</p>

	<p>(1), an applicant is entitled to be registered as a licensee if</p> <p>(a) the applicant is of good character and reputation, and</p> <p>(b) the applicant is registered and in good standing with a professional regulatory organization under an Act of another province or territory of Canada to perform an occupation that, in the opinion of the Board of Examiners, is substantially equivalent, in terms of scope of practice and competencies, to that of a licensee.</p>	<p>engineering or geoscience work established by the bylaws has been obtained;</p> <p>(d) that the applicant is of good character and good repute;</p> <p>(e) that all examination and registration fees have been paid to the association.</p> <p>13(4) A person who is neither a citizen or permanent resident of Canada nor a person referred to in subsection (1) (b), whose qualifications are those required by subsection (1.1) (a) to (d), and who desires to engage temporarily in the practice of professional engineering or professional geoscience in the Province, must first obtain a licence from the council which will entitle him or her to engage in the practice of professional engineering or professional geoscience in respect of a particular work or for a temporary period, or both, as the council decides.</p> <p>(5) A person to whom subsection (4) applies must be granted the licence referred to in that subsection on</p> <p>(a) producing evidence satisfactory to the council of his or her qualifications under subsection (4), and</p> <p>(b) paying the established fees.</p>	
Note	Designation: Licensee – Full licence to practice	Designation: Licensee – Licence to practice in “a particular work or for a temporary period”	Designation: Temporary Licensee – full licence to practice

	The Association of Professional Engineers and Geoscientists of Manitoba	Professional Engineers Ontario
Foreign Licensee category	No	No
Criteria	<p>Act 17 A licence to engage temporarily in the practice of professional engineering or the practice of professional geoscience within the province may be granted if the applicant</p> <p>(a) is a professional engineer or professional geoscientist residing outside the province; and</p> <p>(b) is otherwise considered by the registration committee to be qualified to practice professional engineering or professional geoscience within the province.</p> <p>Manual of Admission (Policy document) 9.0 Candidates Registered in Other Canadian and U.S. Jurisdictions Subject to the requirements listed below, candidates registered in other Canadian Jurisdictions shall be considered to have met all the Basic Requirements for Registration and will be deemed to be otherwise qualified under subsection 15(1)(d) of the Act. Subject to the requirements listed below, practicing professional engineers (pe's) registered in jurisdictions within the United States shall be considered to have met all the Basic Requirements for Registration and will be deemed to be otherwise qualified under subsection 15(1)(d) of the Act provided the following additional requirements are met: • The applicant has graduated with a four year Washington Accord engineering degree • The applicant has written and passed both the NCEES Fundamentals of Engineering exam (FE) and the Professional Engineering exam (PE). • The applicant has completed and been credited with four years of engineering experience as confirmed by the state board(s) in which he/she is/was registered. • The applicant must write and pass APEGM's Act, Bylaws and Code of Ethics test (ABC) with 90% or greater.</p> <p>11.0 Temporary License In accordance with the Act the Association may issue a temporary license. Note: applicants who fulfill certain criteria will be eligible for full registration. See section 9.0.</p> <p>11.1 To qualify for this type of License the applicant must:</p> <ul style="list-style-type: none"> • be a professional engineer or professional geoscientist registered outside of Manitoba; and • be in Good Standing with the Association 	<p>Regulations 42. (1) Every temporary licence must specify,</p> <p>(a) the works, facilities, machinery, equipment or other property in Ontario to which the temporary licence relates;</p> <p>(b) the name of the person, firm or corporation by whom the holder of the temporary licence is employed or engaged to perform services in Ontario within the practice of professional engineering;</p> <p>(c) the name of the Member, if any, with whom collaboration is required under this Regulation; and</p> <p>(d) the period of time, not exceeding twelve months, for which the temporary licence has been issued.</p> <p>(2) It is a condition of every temporary licence that the services within the practice of professional engineering that may be provided by the holder of the temporary licence are limited to the services specified in the temporary licence.</p> <p>43. The requirements and qualifications for the issuance of a temporary licence are payment of the fee for the temporary licence and one of the following:</p> <ol style="list-style-type: none"> 1. Residence in a province or territory of Canada other than Ontario and membership in an association of professional engineers in another province or territory of Canada that has objects similar to the objects of the Association and that requires qualifications for membership at least equal to the qualifications required for the issuance of a licence to engage in the practice of professional engineering in Ontario. 2. Qualifications at least equal to the qualifications required for the issuance of a licence to engage in the practice of professional engineering in Ontario. 3. Wide recognition in the field of the practice of professional engineering in respect of which the work to be undertaken under the temporary licence relates and not less than ten years' experience in such field.

	<ul style="list-style-type: none"> • normally be non-resident in Manitoba <p>11.2 The holder of a temporary license shall not use their seal to verify or validate any work that is not associated with the project described when making application for the license.</p> <p>11.3 To gain a Temporary License the applicant must:</p> <ul style="list-style-type: none"> • complete an application form; and • pay all applicable fees and dues; and • demonstrate that they are a professional engineer or professional geoscientists registered outside of Canada; and • provide a description of the project including the scope of work; and • pass the Professional Practice Test 	
Note	<p>Designation (this comes from a policy document, not the Act, Regulation or Bylaw): Temporary Licensees – They must pass the Professional Practice Exam before they are issued a Temporary License. As well, the license is tied to a specific project. The Engineer or Geoscientists cannot use their stamp for anything except that which is tied to the project.</p>	<p>Designation – Temporary Licensee - The licence application is tied to a specific project and must outline the works, facilities, machinery, equipment or other property used in the project and may be issued a special seal for their project.</p>

	Association of Professional Geoscientists of Ontario	Ordre des Ingénieurs du Québec	Ordre des Géologues du Québec
Foreign Licensee category	Yes	No	No
Criteria	<p>Regulations</p> <p>11. An applicant for a temporary certificate of registration shall meet one of the following requirements:</p> <p>1. Be a resident of a jurisdiction other than Ontario and a member of a self-regulatory organization of professional geoscientists in that jurisdiction that has objects similar to those of the Association and that requires qualifications for membership at least equal to the qualifications required for a practising member certificate of registration under this Regulation.</p> <p>2. Be nationally or internationally recognized in the area of practice in respect of which the work to be undertaken under the certificate relates and have at least 10 years experience in that area.</p> <p>12. A temporary certificate of registration shall specify,</p> <p>(a) the activity in Ontario to which it relates;</p> <p>(b) the name of the person, firm or corporation by whom the certificate holder is employed or engaged to perform services in Ontario;</p> <p>(c) the name of the practising member, if any, with whom collaboration is required under this Regulation; and</p> <p>(d) the period of time, not exceeding 12 months, for which the certificate has been issued</p> <p>13. (1) It is a term and condition of a temporary certificate of registration that the holder carry out only those activities specified in the certificate.</p>	<p>Act</p> <p>18. The board of directors, on payment of a fee not exceeding the amount of the annual assessment of the members, may grant a temporary licence for a specific project to any person domiciled in Canada who is a member of a Canadian association of engineers authorized to govern the practice of the engineering profession, upon presentation by such person of his credentials.</p> <p>20. The board of directors may accept as a member a person who has not been legally admitted to Canada as a permanent resident but who is qualified and whose services as a specialist are required in Québec. Such member must be admitted for specific employment and shall not practise except for the purposes of that employment.</p>	<p>Act</p> <p>24. A person legally authorized to practise outside Québec the same profession as the members of the Ordre des géologues is deemed to hold a special authorization to practise that profession in Québec for a period of 12 months from 22 August 2001. The authorization may be renewed in accordance with the Professional Code (chapter C-26).</p> <p>Professional Code</p> <p>42.2. The board of directors of an order may issue a special permit for certain professional activities to a person who holds a legal authorization to practise the profession outside Québec, in accordance with a regulation under paragraph r of section 94. 94(r) establish special permits; the regulation must contain the reasons justifying the issue of a special permit, the conditions for the issue of the permit, the title, abbreviation and initials its holder may use, the activities the holder may engage in and the conditions the holder must meet to engage in those activities.</p>

<p>(2) It is a term and condition of a temporary certificate of registration that the holder collaborate with a practising member in carrying out the activities specified in the certificate unless the holder,</p> <p>(a) is a member of a self-regulatory organization of professional geoscientists in another jurisdiction that has objects similar to those of the Association and that requires qualifications for membership as least equal to the qualifications for a practising member certificate of registration under this Regulation;</p> <p>(b) provides evidence of qualifications at least equal to the qualifications required for a practising member certificate of registration under this Regulation and of knowledge of all codes, standards and laws relevant to the work undertaken under the certificate;</p> <p>(c) provides evidence of national or international recognition in the area of practice relevant to the work undertaken under the certificate and of knowledge of all codes, standards and laws relevant to that work; or</p> <p>(d) is carrying out the work outside Ontario and that work is undertaken under the certificate to satisfy a requirement set out in a statute of Ontario other than the Act. O. Reg. 59/01, s. 13 (2).</p> <p>(3) It is a term and condition of a temporary certificate of registration held by a person who must collaborate with a practising member that the person not issue a final drawing, specification, plan, report or other document unless the practising member has signed and dated it and affixed his or her seal to it.</p> <p>(4) It is a term and condition of a temporary certificate of registration that the holder use</p>
