

APPENDIX 2

STUDENT CATEGORY OF MEMBERSHIP

The Association of Professional
Engineers and Geoscientists of Alberta

Appendix 2 – The Engineering and Geoscience Professions Act

General Regulations – Part 10

Professional Licensees

Eligibility

77(1) A person who meets the following requirements and applies to the Registrar for registration is entitled to be registered as a professional licensee:

- (a) the applicant is of good character and reputation;
- (b) the applicant has at least 2 years of post-secondary education acceptable to the Board of Examiners in areas that relate to the practice of engineering or geoscience;
- (c) the applicant has a knowledge of the Act and regulations under the Act, and general knowledge related to the practice of engineering or geoscience, which has been demonstrated by passing an examination for those purposes that is prescribed by the Board of Examiners;
- (d) the applicant demonstrates to the Board of Examiners that the applicant has a proficiency in the English language that is sufficient to enable the applicant to responsibly practise the profession of engineering or geoscience;
- (e) the applicant has obtained at least 6 years of experience in work of an engineering or geoscientific nature that is acceptable to the Board of Examiners, at least 2 of which are in the applicant's specific area of professional practice and were completed under the supervision and control of a professional member.

(2) Notwithstanding subsection (1), an applicant is entitled to be registered as a professional licensee if

- (a) the applicant is of good character and reputation, and
- (b) the applicant is registered as a professional licensee or in an equivalent capacity in good standing with a regulated entity in another province that, in the opinion of the Board of Examiners, is equivalent to the Association.

Professional Technologists Regulations – Division 2

Professional Technologists

Eligibility

5(1) A person who meets the following requirements and applies to the ASET Registrar for registration is entitled to be registered as a professional technologist:

- (a) the applicant is of good character and reputation;
- (b) the applicant holds a certificate of registration as a certified engineering technologist with ASET;
- (c) the applicant has a knowledge of the Act and the regulations under the Act, and general knowledge related to the proposed scope of practice of engineering or geoscience, which has been demonstrated by passing an examination for those purposes that is prescribed by the Joint Board of Examiners;

- (d) the applicant demonstrates to the Joint Board of Examiners that the applicant has a proficiency in the English language that is sufficient to enable the applicant to responsibly practice the profession of engineering or geoscience within the prescribed scope of practice;
 - (e) the applicant has at least 2 years of post-secondary education acceptable to the Joint Board of Examiners in areas that relate to engineering or geoscience;
 - (f) the applicant has obtained at least 6 years of experience in areas that relate to engineering or geoscience that is acceptable to the Joint Board of Examiners, at least 2 years of which are in the applicant's proposed area and scope of practice and were completed under the supervision and control of a professional member;
 - (g) the applicant meets any other requirements established by the Joint Board of Examiners.
- (2)** Notwithstanding subsection (1), an applicant is entitled to be registered as a professional technologist if the applicant
- (a) is of good character and reputation, and
 - (b) is a professional technologist who, in respect of another province,
 - (i) is eligible to engage in the practice of engineering or geoscience within the scope of practice specified by the Joint Board of Examiners, and
 - (ii) is a member in good standing with a regulated entity in that other province that, in the opinion of the Joint Board of Examiners, is equivalent to ASET.
